

Futura[®] Pro

The Bioenergy[™] Multi System

ULTRATONE[®] Body & Face Shaping Solutions

The future of your Salon is TODAY...

Here is the Complete Body and Face Centre for Therapists. The Multi Treatment System for Beauty Salons, Nature Spas, Fitness Studios, Health Clubs and Medical Aesthetic Centres.

The Holistic Platinum Masterpiece that brings the clients you need and delivers the results your clients desire.

...with the new Futura Pro Bioenergy™ System

Welcome to the latest wave of technology from Ultratone, the undisputed world leader, with over 40 years of scientific research and physiological know how.

We are very proud to announce the launch of the upgraded ULTRATONE FUTURA® PRO, the new concentrated Bioenergy™ System that offers Bioptic® lights and Chromotherapy, Bio Stimulation, Micro Currents, Ultracell and Ultrasound Transmission in over 150,000 progressive Program stages specially formulated to encompass every body and face improvement need of your clients.

This is truly The **Ultimate**. There is simply nothing like it in the market because **Ultratone** is at the *avant garde* of design, research and high technology.

Synonymous with quality, reliability and guaranteed results, **Ultratone** is already in the Future, anticipating the requirements of Professionals the world over, creating the state of the art body & face improvers and advancing physiological knowledge. **Ultratone** is always beyond compare.

Bioenergy™ Combined Holistic Therapies

For several years the Ultratone team, guided by expert Kristin Schaefer Centofanti and Neuro-scientists headed by Professor Gerta Vrbova of University College London, have been researching, compiling and creating a **Unified Treatments System (U.T.S)** to suit every possible body and face enhancement therapy requirement.

From this body of Unified Treatments resulted the **All In One** concept that was to motivate the Ultratone team, including Research and Development Engineers and International Designer George Kasabov, in a quest for perfection: to offer your Salon, Spa, Health or Aesthetic Medical Centre the best of everything. Thus was born the **FUTURA PRO® BIOENERGY™ SYSTEM**.

Here is the one for all & all in one Futura Pro®

One Bioenergy System with multiple therapies and the answers to everything your clients ask for:

- Slimming
- Ultra Fast Inch loss
- Anti cellulite
- Non Surgical Facelift
- Anti Ageing

- Separate Male & Female Personalised Programs

- Self adapting parameters
- Rehabilitation & Well Being
- Post Natal
- Face and Body Shaping Microcurrent
- Lipolysis
- Ultrasound
- Reflexology
- Acupressure
- Chromotherapy

Multi tasking solutions at your fingertips

This revolutionary state of the art System, beautifully housed in ergonomic features and easy to move on its own Ultraport, is simplicity itself to operate.

On Screen Instructions:

Follow the Welcome Wave on the lit up screen, select a Treatment type and continue on to the Customer Database or simply choose a specific Program.

Customer Database:

The highly sophisticated software offers storage for over 200 customers. Record your clients' telephone number and date of birth, together with the details of her/his treatments. From then on the individuals' results and what to do next will immediately appear on the large lit up screen.

In-depth Profile:

New Customers are given concise profiling, including age, weight, body type (Ectomorph, Endomorph, Mesomorph), activity, problem areas and desired results. Automatically the Futura® Pro produces a Body Mass Index (BMI) and a Treatment Plan with recommended number of sessions per week and a personalised Program.

Male/Female:

This unique feature effectively provides two entirely separate sets of Programs that take into account the physiological differences between the sexes

Update and Follow Up:

The System will then follow the course of treatments, recording results and automatically altering each Program to suit the changing body shape in order to maximise results. There are literally as many Programs available as the number of clients you have. That is the Beauty of it!

Step by Step Guide:

Every application detail is given to you on the screen, including 300 layouts for **Myoneural Transmission**, 30 different diagrams for **Ultrasound Rejuvenation** and up to 1000 **Micro Current & Ultracell Patterns**, guiding you every step of the way.

Multi Tasking Benefits:

Body and Face can be treated separately or simultaneously. Whether your Client needs Micro Current treatments, Facial Rejuvenation & Lifting, Bio-Stimulation Inch Loss, Anti Cellulite sessions or Ultrasound emissions from the special hand held applicator, the **Unified Treatments System** constitutes a unique body of knowledge that is ready to serve you and your Client.

Powerful Miniaturised Computer:

The built-in brain of the Futura® Pro Bioenergy System is a compact processor activated by an onboard set of touch keys that are designed to make your life easy. No complicated computer training is needed to operate this user friendly system.

Biostimulation via Optic Pathways

You can follow the Myoneural signals of Biostimulation as they flow from the **Multiple Activator** via **Optic Pathways** that light up to indicate activity on the body or on the face via the **Facial Activator**.

These impulses enhance the supremely comfortable **Ultrawave®** form channelled through 20 different crystal tipped patented **Bioptic** leads, whose gentle glow facilitates the treatments effectiveness and bathes the selected body or face areas with a soft yellow light.

44 WAVEFORM SIGNAL IMAGES AND MULTIPLE BIOFREQUENCIES

Specially formulated waveforms combine with varied Bio Frequencies and Pulse Widths.

> Facial Activator

> Body Activator

Microwands

These can be used manually to apply Ultratone Micro Currents and the unique Ultracell skin regenerating signal, for Electroporation as well as enhancing the absorption of active ingredients.

A marvellous, soothing treatment that leaves the skin gently stretched to remove wrinkles, erase fine lines and provide a glowing complexion.

'Magic Touch' Bioenergy Gloves

This gentle and energising 'Magic Touch' treatment is incredibly effective for rejuvenating, lifting, smoothing and massaging the skin, whilst nourishing and embellishing it, as well as enhancing lypolysis and a full detox.

Ultrasound Applicator

The great benefits of Ultrasound in Sonophoresis, Cavitation, Electrolipolysis, Anti-ageing, Anti cellulite, breakdown of fatty deposits, stretch marks reduction, improved acneic skin, microdermabrasion and tissue massage, to name but a few, can be achieved with the manual Applicator. This is a Must for your Salon.

Two devices are available: one 3MHZ device with special controls for Facial Treatments & superficial cellulite, and an optional 1MHZ device with a larger head for reduction of deeper fat tissues and more effective Body treatments.

The Complete System

The Futura Pro can be operated independently from the mains. It comes with its own **Ultraport** to move it around, instead of messy wires just one **Body Activator** that can be strapped to the treatment couch and from which radiate the **Bioptic™ Pathways**.

Hypoallergenic self adhesive impulsers for body and face, a special **Facial Activator** with 20 microleads, two **Microwands** for manual facial treatments and two light Chromo **Ultrasound** devices, one at 3MHz with intense blue lights for manual facial treatments and an optional 1MHz device with intense red light, for deep abdominal and femoral fat Cavitation and reduction.

An infinite number of personalised programs

And over 150,000 programmed phases for body and face.

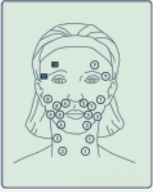

The Ultratone Futura® Pro offers you unlimited individual Programs as it creates a treatment Plan based upon the particular details of age, gender, weight, measurements, body type, problem areas and desired results for each client. This Bioenergy System has been conceived to do all the work for you and to bring more Clients to your Salon, Spa, Fitness Centre or Health Club.

The more the merrier is the principle because Ultratone wants to help you grow and increase your Profit margins. Whilst your Clients benefit from unlimited choice, you can count on your Salon being the centre of attraction.

All the options at your fingertips

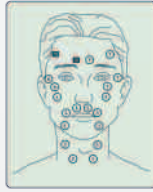

Just look at merely a few of the vast array of Programs available for you and your clients.

It is so easy to follow the on Screen instructions, so simple to set up the treatment and then let your client relax whilst the Futura® Pro does the work.
